### Village Water

Mark Borchardt with Marshfield Clinic Research Foundation, National Farm Medicine Center was in attendance to help out the committee evaluate the best resource in determining the Village of Hewitt's ground water resource. Per Mark's recommendation, the best resource available to the Village is to contact the UW Extension of the Wisconsin Geological Survey. The WGS is a non-profit group that is out there to aid communities like the Village of Hewitt in questions of this sort. The UW extension can assist in reviewing private well logs, map ground conditions and develop ground water flow models. Once the data is gathered, the information will be analyzed to determine the ground water supply and future outlook.

Marlene volunteered to contact the UW extension and set-up a meeting with the committee.

### Smart Growth Planning

Jason Grueneberg with Wood Cty Planning & Zoning attended the Feb. 18<sup>th</sup> meeting. At that time Jason outlined how his department could assist the Village with the comprehensive planning process.

A motion was made by Jeff and second by Jim to recommend that the Village of Hewitt hires Jason to assist in the development of the comprehensive plan. Motion passed.

Ken will contact Jason to obtain a formal quote with payment terms for approval at the April 13<sup>th</sup> Village of Hewitt Board meeting.

### Parking

The village Board is in the process of updating the parking ordinance with the new restrictions. The recent mailing of Sewer Bills has an informational note on the bottom also.

Kris will look into types of signs available and costs associated.

- Next meeting is planned for April 17, 2010 @ 7:00 PM. Village of Hewitt Hall

Meeting adjourned @ 8:50
